

FOR IMMEDIATE RELEASE

VirtualFem Hits the Jackpot: Slot Bunny Becomes the First YouTuber Turned AI Girlfriend

Las Vegas creator. YouTube star. And now... an AI girlfriend. VirtualFem unveils its boldest release yet: bringing Slot Bunny to life as an interactive virtual influencer.

Las Vegas, NV — September 22, 2025 — VirtualFem, the AI companion platform that has combined conversation and interactive video since 2004, today announced the debut of its newest persona: Slot Bunny, the popular YouTuber known for her Vegas sparkle and playful energy.

This marks the first time VirtualFem has introduced a creator-led persona. Slot Bunny's VirtualFem character combines authentic conversational style, signature cosplay-inspired looks, and uncensored after-hours video sequences — creating an experience that extends her presence beyond traditional platforms.

"VirtualFem has always pioneered the intersection of AI and interactive video," said a VirtualFem spokesperson. "This release is different because it brings a recognized creator into the mix. Slot Bunny's personality and community connection make her the perfect fit for this new chapter."

The VirtualFem x Slot Bunny Persona Features:

- Conversational cues designed to reflect Slot Bunny's unique voice and tone
- Signature cosplay outfits and themed looks
- Uncensored, after-hours experiences unavailable on YouTube

Availability

The VirtualFem x Slot Bunny persona will launch in early access on September 30, 2025, exclusively at virtualfem.com.

About VirtualFem

Founded in 2004, VirtualFem is an AI companion platform that merges conversational AI with interactive video to deliver immersive, personalized experiences. With two decades of innovation, VirtualFem continues to expand the category with advanced models and creator-driven personas.

About Slot Bunny

Slot Bunny is a Las Vegas–based creator known for her upbeat videos, signature Vegas sparkle, and engaged online community. She brings entertainment and personality to every project, now extended into the VirtualFem platform.
